Support at Home Common Pricing

Under the Support at Home programme, providers are required to list their "common price" for each service type, as evaluated over the previous 2-months. The common price is the price that has been most frequently charged to participants, evaluated over a 2-month reporting period. Following the end of each reporting period, this price list will be updated to reflect our most recent common price. This price may differ from our standard price list. Should you wish to discuss these differences please do not hesitate to ask your local office
